**5.2**

**+ A clone(2) flag CLONE\_PIDFD**

**Kill 121 !**

**+ A clone(2) flag CLONE\_PIDFD**

**+ A clone(2) flag CLONE\_PIDFD**

121

**+ A clone(2) flag CLONE\_PIDFD**

**+ A clone(2) flag CLONE\_PIDFD**

**+ A clone(2) flag CLONE\_PIDFD**

Kill 121 ?!

# Background **PID reuse**

**+ A clone(2) flag CLONE\_PIDFD**

Kill 121 !

**+ A clone(2) flag CLONE\_PIDFD**

**Kill 121 !**

# **File Descriptor !**

`open(2) ~ close(2)`

# Background **pidfd\_send\_signal(2)**

A system call newly added in v5.1

# + A clone(2) flag **CLONE\_PIDFD**

```
clone(..., CLONE_PIDFD, ..., &pidfd);
```

```
pidfd_send_signal(pidfd);
```

```
close(pidfd);
```
